

College Promise Transportation Policy

The College Promise Program does not provide any transportation services and accepts no risk or liability for the transportation of a mentee to a College Promise event.

College Promise mentors are prohibited from transporting their mentee and/or their family in any vehicle unless it is to attend a College Promise sponsored event. Prior to transporting a mentee and/or their family, a Youth Transportation Release must be signed by the mentee's parent or guardian. This form must be received and accepted by the College Promise Program prior to the event.

The College Promise Transportation Policy will be shared with all current mentors and those entering the program for the first time. In addition, the College Promise Transportation Release will be available for download on the College Promise Website.
